Bug Club

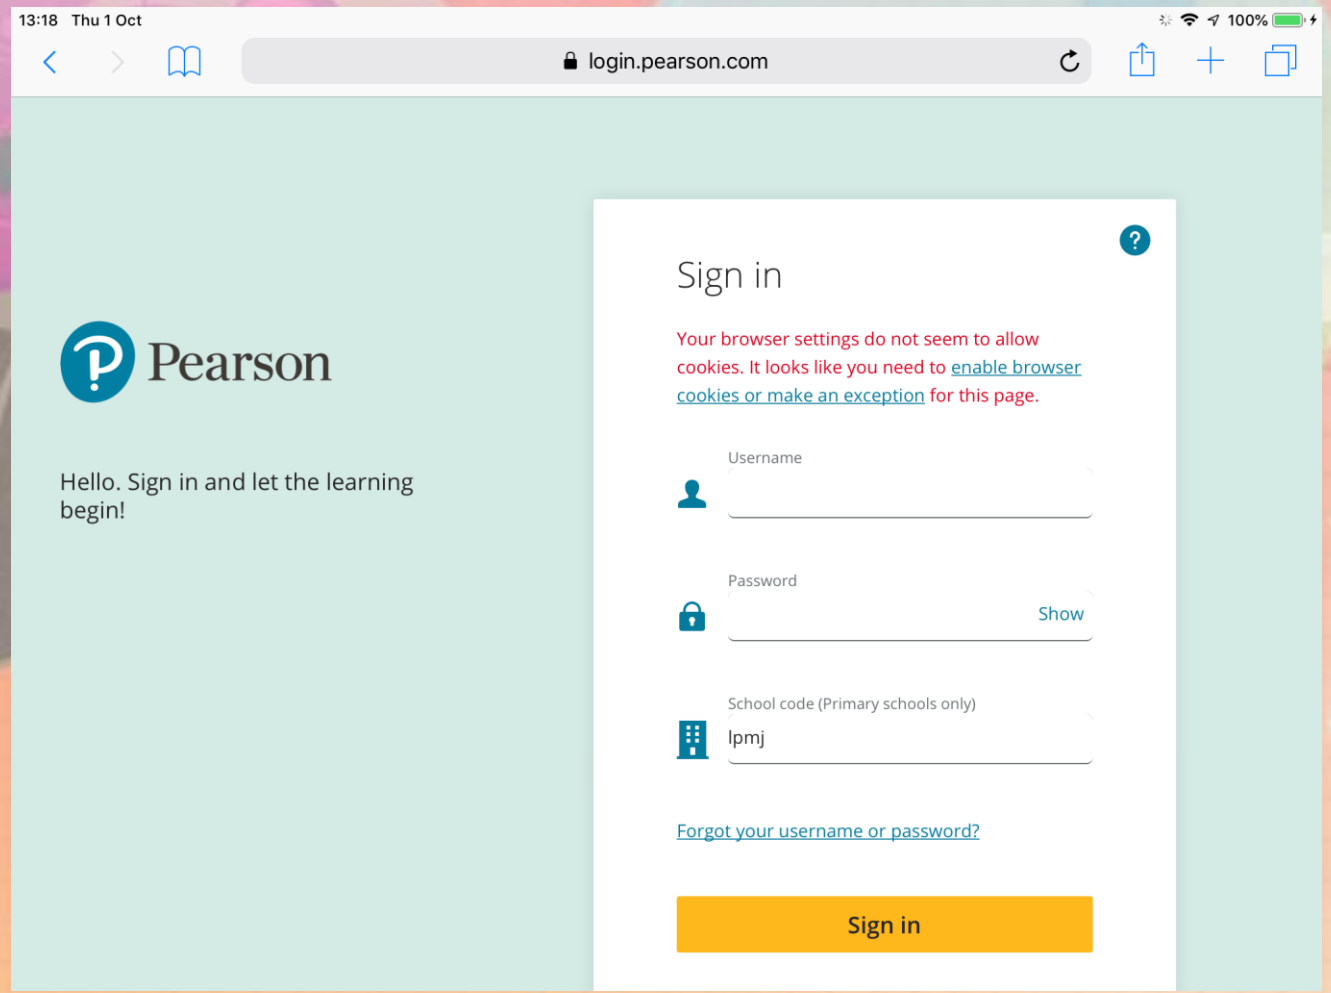

abacus

Getting to know *Active*Learn

Logging on

To use Bug Club to go the website https://activelearnprimary.co.uk or Google search bug club. Once you have found it, enter your child's username and password, and school code lpmj.

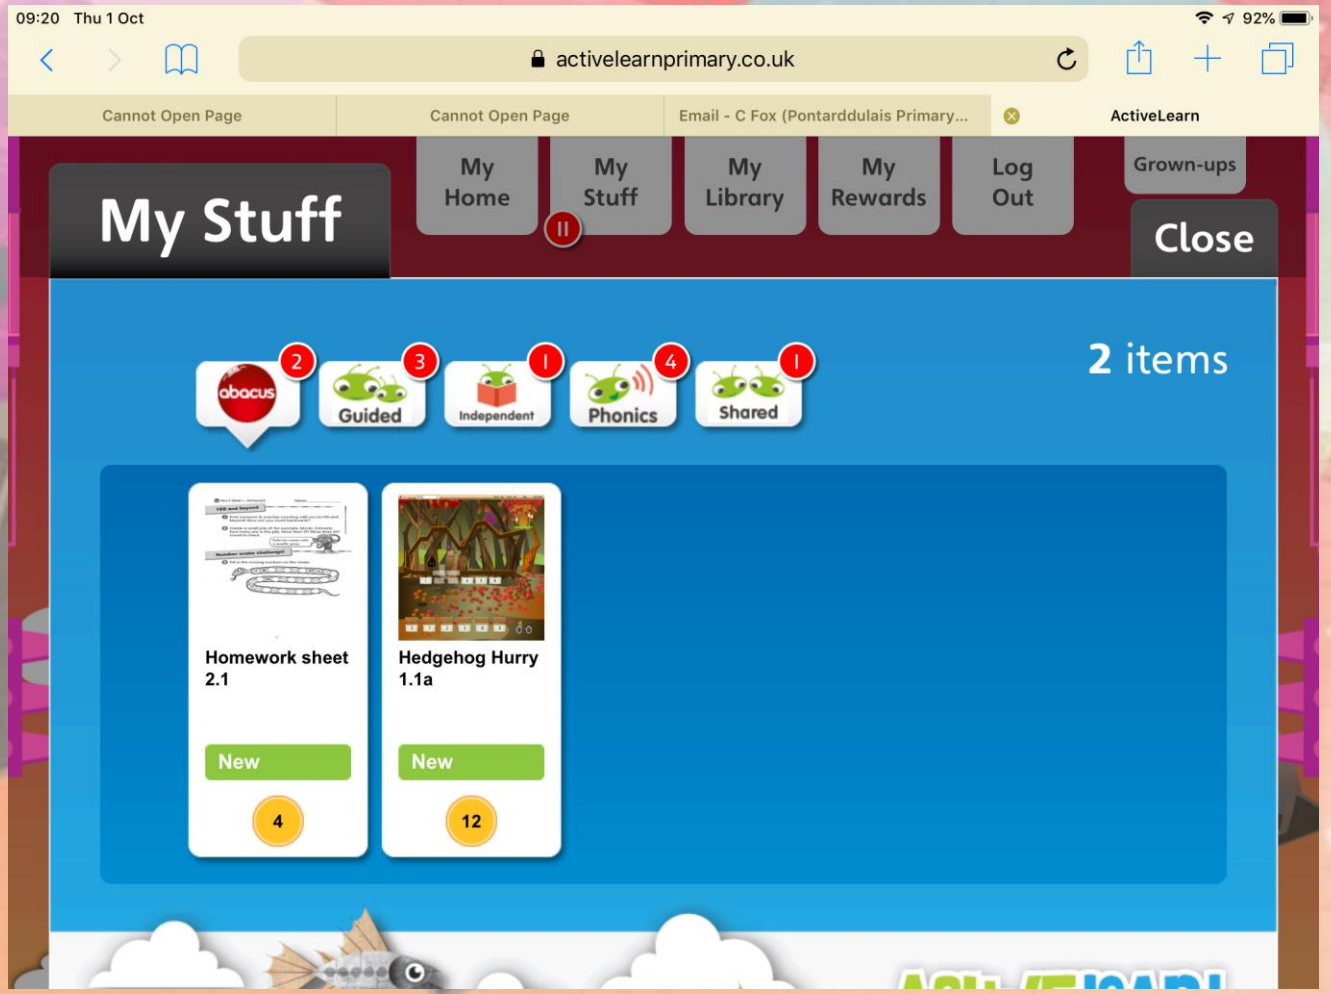

Homepage

When logged into the child's account, you are presented with an interactive dashboard. Have fun winding up the robot in Future World and turn on the lights., speed up the cars in Race World, or listen to music in Bug World. Click on My World to change your dashboard. The chest shows how many coins you have.

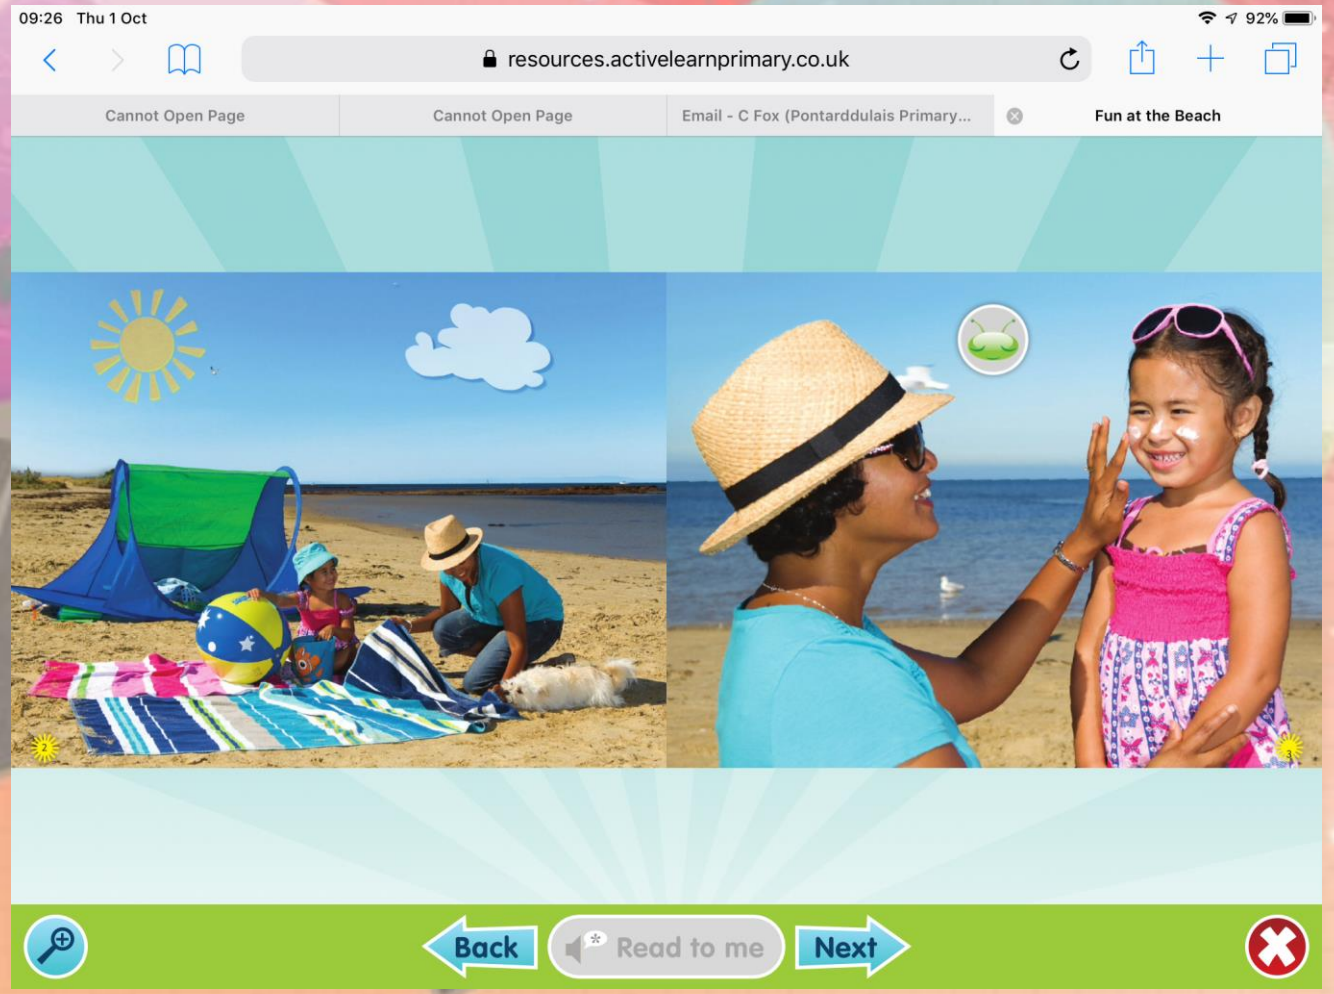

My Stuff

When books or games are allocated, they appear in the My Stuff Folder. If the button underneath is green and says new it is unopened. Once you open and start the book/activity, it turns orange and says opened and will remain here like this until completed. Underneath is the number of coins earned when completed.

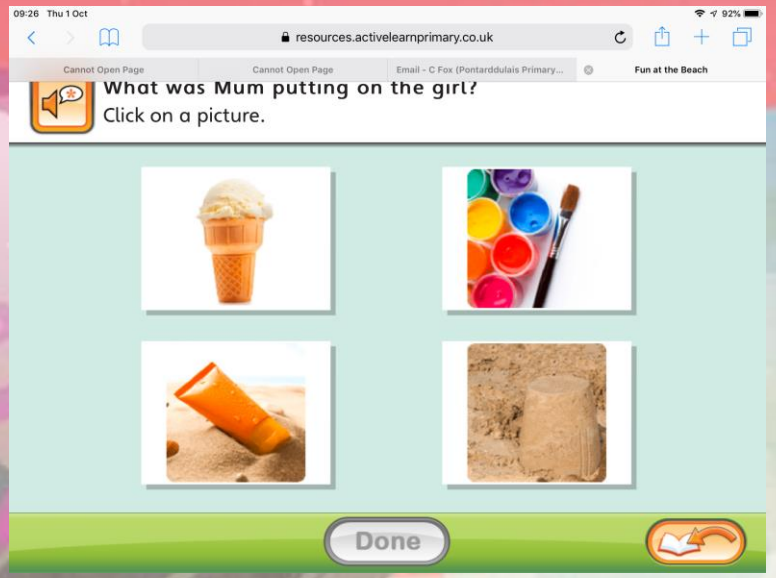

Books/Activities

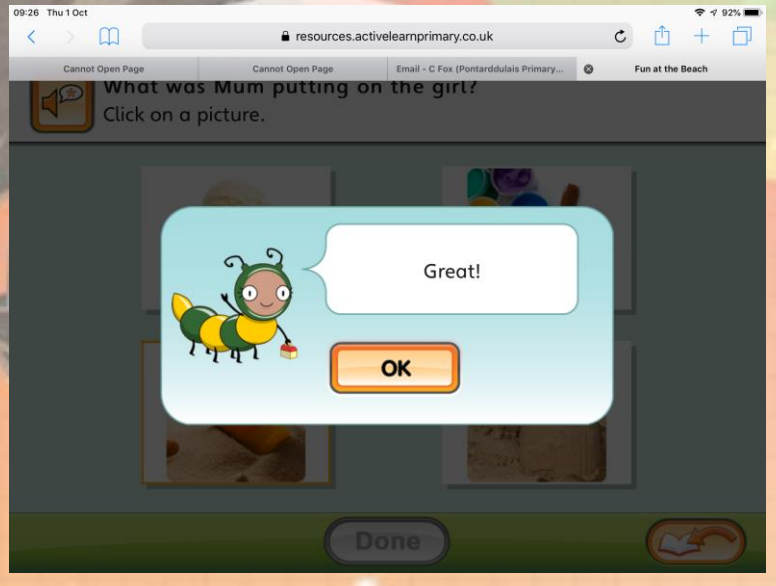

Depending on what you open will appear differently. Many games are done in levels, and you must complete each level to move on and complete. For a book, you can read it like a normal book. The arrows are to move the page. On books that have text, you can have the computer read to you. Press the red x to leave the book.

Challenges

At various points in the books you will see a bug in a yellow circle. Click on this to perform a challenge based on what you are reading. When finished, click done, wait to see if you have done it right and then return to book. If you get it wrong you can try again. If the bug is sleeping and in a grey circle the challenge is completed.

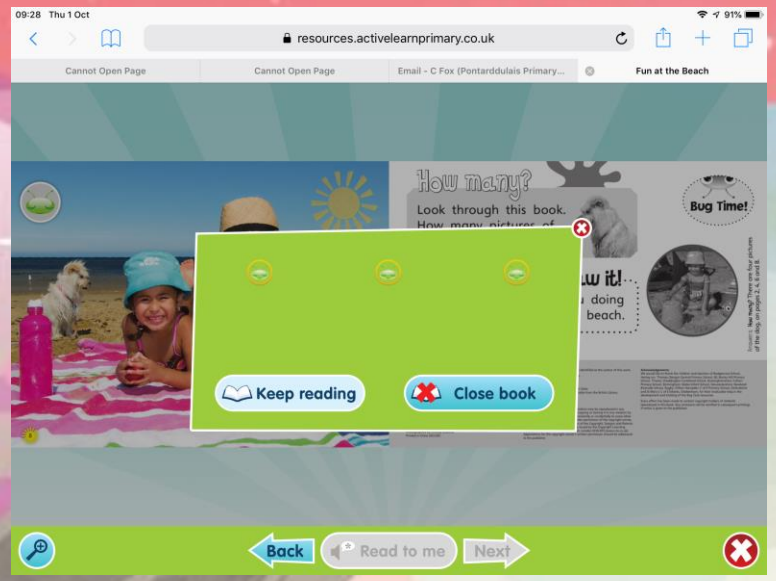

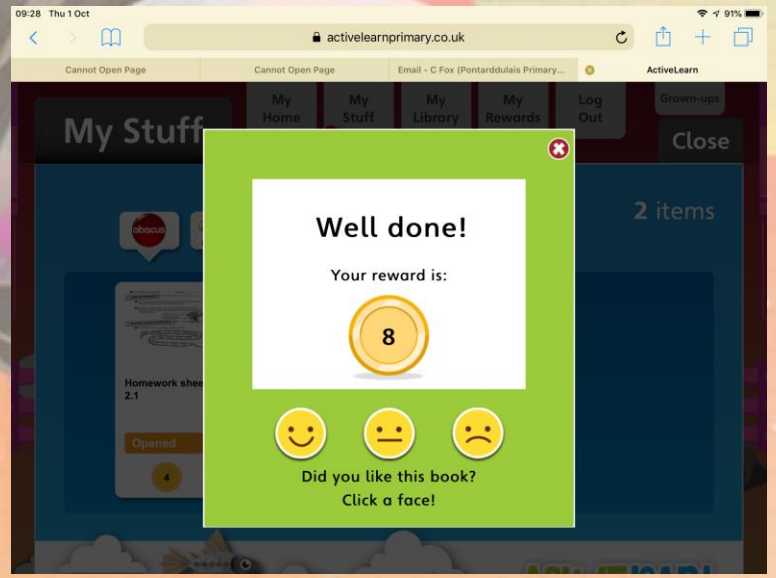

Rewards

When you have finished the book, click on exit book and a box will appear. If all bugs in the box are asleep you are completed and you can close book. If not, go back to the book and complete all challenges. Completing all challenges will give you full rewards.

Remember to rate the book/activity.

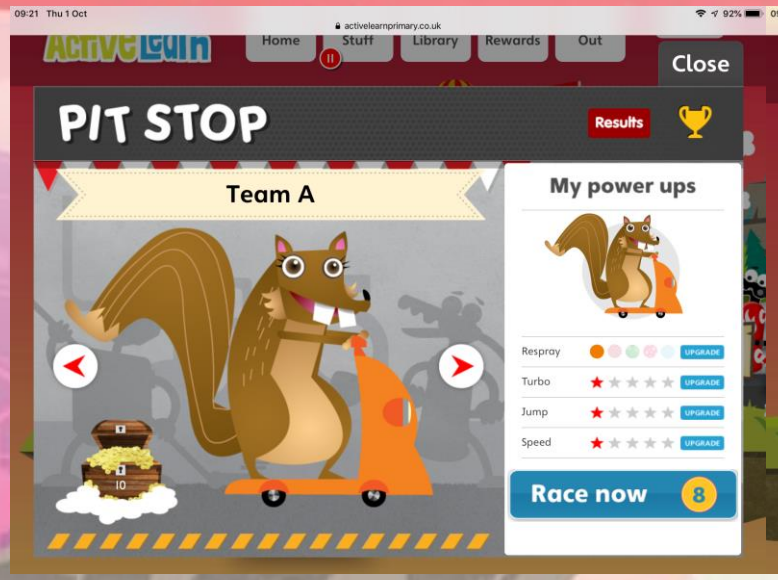

(NB shared books do not earn coins)

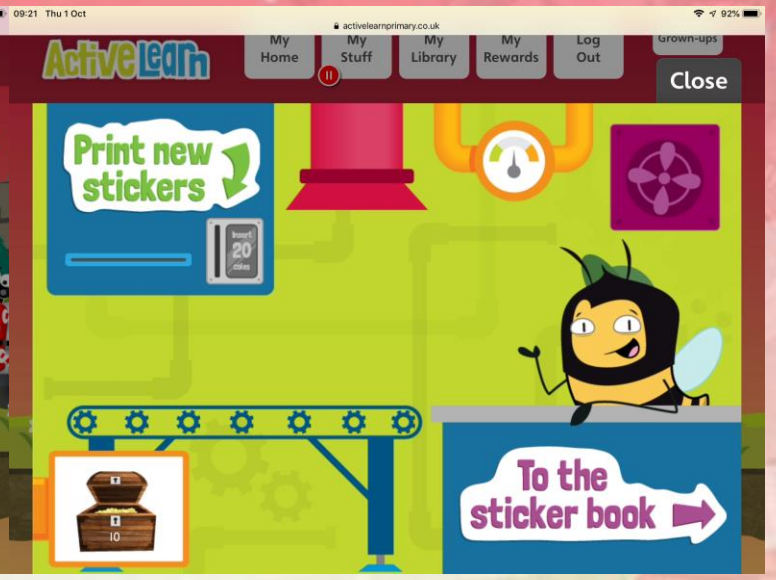

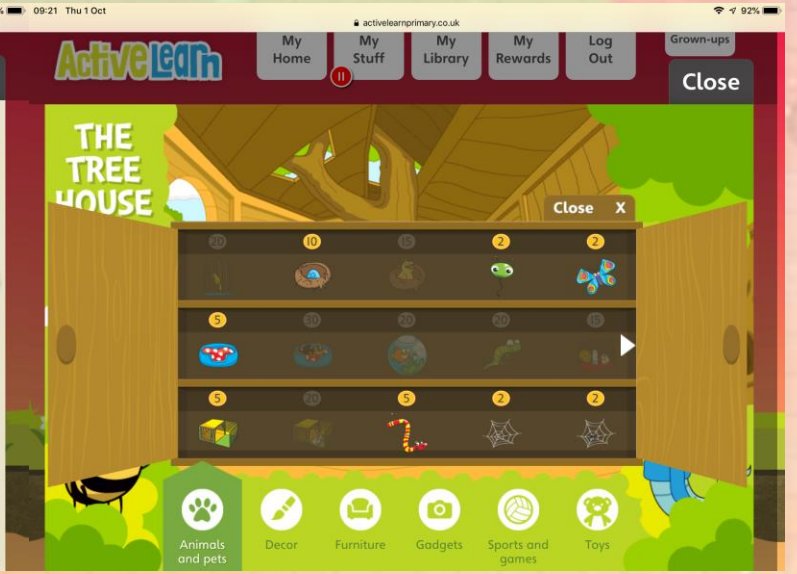

Rewards 2

Go to My Rewards and there are a variety of minigames for you to play using your coins. You can also access this by clicking on the treasure chest.

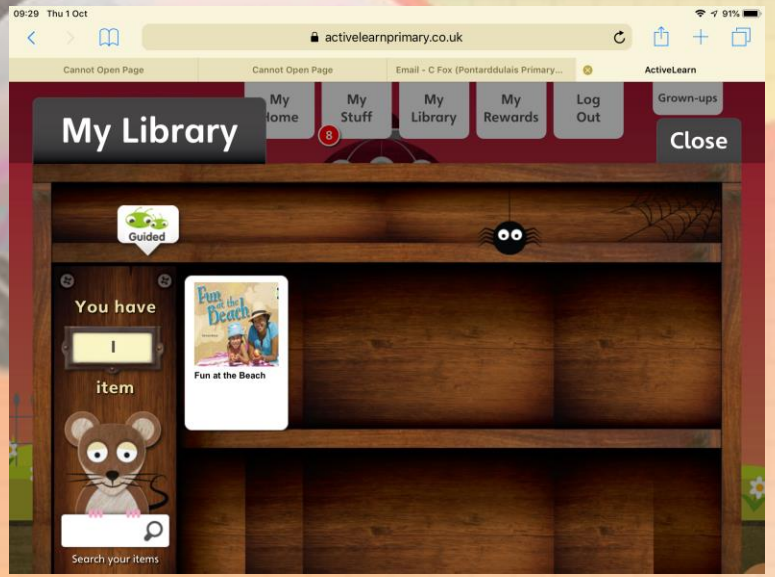

Completed Books

All completed books are sent to your library so you can read them again and again.

(NB, you can no longer earn coins in the library.)

Logging out

When you are finished, remember to log out. Parents can access information by clicking on the Grown ups section.
