

Pontarddulais Primary School

Home Learning

Use your Hwb account and associated programs to complete your work.

If you use Office 365 remember to share your work with your teacher. When using Just2Easy [J2e] remember to save your work for your teacher to see in your my file area.

Year Group: Year 5, week 8.

AOLE	Challenge
Language Literacy and Communication 	Welsh Week & World Book Day Challenge 1: St. David's Day Comprehension – There are 3 different reading comprehensions for you to choose from, about the patron saint of Wales, St. David. They are all similar, but contain slightly different information and also have slightly different questions. Choose the comprehension that you are most comfortable with. Challenge 2: Acrostic Poem – In the Literacy folder in 'Files' on Teams, there is a template, as an example of an acrostic poem, related to a Welsh theme. Use this template to create your own acrostic poem or create your own design and use your own Welsh related word to start the poem. We would like to use your poems as part of a Welsh display, when we return to school. Challenge 3: World Book Day Character Study – Complete the 'Top 5s' Sheet and then choose your favourite character from your "Top 5 Favourite Characters" list and write a Character Study of them. There is a template you can use to complete your character study or you can create your own. If you are creating your own, use the Character Study success criteria to help you, which is in the Literacy folder, in 'Files' on Teams.
Health and Wellbeing 	Welsh Week - Twister Alphabet Yoga We would like you to create your name in Yoga letters by either clicking on and follow the video link below and following the instructors examples (DO NOT ATTEMPT THE LETTER 'I' WITHOUT YOUR PARENT'S HELP!!), or by creating your own Yoga letters, (there is a Mr. Cresser example in the Health and Wellbeing folder in 'Files' on Teams). https://www.youtube.com/watch?v=yt8j5cWWztQ Once you have cracked creating your name, we would also like you to try spelling out some words that are associated with Wales (e.g. Cymru, Croeso, Daffodil, Leek, Dewi etc.), to celebrate Welsh Week. It would be great if you could dress in your Welsh colours when spelling out these words, so that we can use any pictures that you send in, as part of a Welsh display, when we return to school. Then, to increase difficulty, try transitioning smoothly between each letter and holding the shape of each letter for a few seconds, between transitions. It would be great if you could send us a video of you doing this (see 'Cymru' video example in the Health and Wellbeing folder in 'Files' on Teams).

Expressive Arts

Challenge

Welsh Week – ‘Dydd Gwyl Dewi Hapus’ Welsh Themed Art Poster

For some of the challenges this week, we have asked you to create items, that we can include in a Welsh display, once we are back in school. For your art challenge this week, we would like you to design your own ‘Dwdl Fach Gymru’/‘Small Welsh Drawing’ poster, similar to the one designed, by Pontarddulais’ very own, Rhys Padarn, an example of which you can find in the Art folder, in ‘Files’, on Teams. There are a number of examples of some of Rhys’ work in the folder for you to look at and take inspiration from, one of them being the Dydd Gwyl Dewi poster itself. As Rhys Padarn has done try and include as many different things in your poster, that are linked to Wales and being Welsh. Rhys Padarn has a very unique style, particularly with his use of letters, try and incorporate this style of lettering in your poster, if you can. Remember to make it as bright and colourful as you can, so that it can be used effectively in our Welsh display.

Below are some videos, in English, of how to draw a number of different Welsh related objects. These videos are easy to follow and easy to stop and start, as you are drawing them:

Dragon: <https://youtu.be/KRAarF177Y4>

Daffodil: <https://youtu.be/A3FydEEiyFA>

Castle: <https://youtu.be/opXUQ7kOkWs>

Leeks: <https://youtu.be/97MPPPTtFbk>

Science and Technology

Fun with Mass and Density

Following on from the weight and measurement work we did in Maths last week, we would like you to undertake an experiment, which will help to give you a better understanding of mass and density. There is a method sheet in the Science folder in ‘Files’, on Teams, explaining exactly what you need to do, to undertake the experiment successfully. Below there is also a link, that you can click on to see the test being carried out:

<https://www.youtube.com/watch?v=5AYeb6GkLvg>

Once you have completed the experiment, explain in your own words, the difference between Mass and Density, as you understand it, and how the experiment helps to prove that (use photos of your experiment as part of your explanation and to help prove your answer).

AOLE	Challenge
Mathematics and Numeracy 	<u>Welsh Week - The Six Nations</u> Our Maths work this week is Reasoning and Problem Solving based, to consolidate some of the skills that you have learned so far, this year, in Maths. ★★ Challenge 1: Six Nations 2021 - Following the success of the Welsh rugby team this weekend, we would like you to have a look at some of the statistics of the fixtures that they have been involved in, on the way to winning the Triple Crown. Calculate and answer the given questions in Challenge 1, that can be found in the Maths folder, in 'Files' on Teams. ★★★ Challenge 2: Six Nations 2022 – After the announcements in the news this week, that we will hopefully be allowed to start travelling and watching sporting events in person again in the not too distant future, a lot of rugby supporters are considering travelling to watch next year's Six Nations fixtures. Help them calculate the cost and logistics of these trips. Challenge 2 can be found in the Maths folder, in 'Files' on Teams. <i>Before attempting the challenges, watch the video which explains the task, which can be found in the Maths folder, in 'Files' on Teams.</i>
Humanities 	<u>Welsh Week - Cardiff</u> Welsh Week gives us an excellent opportunity to find out more about our great nation. In the Humanities folder, in 'Files', on Teams, are some research worksheets, that will give you the opportunity to discover more about our nation's capital and the history of our nation's capital, Cardiff. ★★★ There are 3 different options for you to choose from. Choose one of the research tasks that you are most comfortable with and undertake the relevant research into Wales' capital city.

Article 28: You have the right to a good quality education and your education should help you use and develop your talents and abilities.
