Home Learning

All resources and videos to support your challenges can be found on your Teams class page in files section at the top of the page.

All work should be saved in your J2E folder on HWB for your teachers to see and comment on.

Year Group: Year 3

Date: 1st – 5th February 2021

AOLE	Challenge
Language Literacy and Communication	<u>English - Saesneg</u>
	This week during our English lessons, you will be learning how to get your own way/ how to persuade someone. You will be learning three persuasive techniques, key features of persuasive letter writing and you will start to plan your own letter. Before each lesson please make sure you watch the loom videos and complete the lessons in the correct order. Lesson one- after watching the first loom video, can you write 9 sentences to persuade your Mum to allow you to stay up later one night this week? Lesson two- I have written a letter to Boris Johnston asking to extend the school week to 7 days a week. Can you glue a persuasive letter back together, remembering to follow the example and key features that have been identified. Lesson three- to write persuasive sentences to stop climate change. Bug Club books are available to read through Bug Club. A list of spelling words can be found in the English folder, as well as the loom videos. *Please also remember to log on to Reading Eggs and Nessy if you have those accounts. <u>Welsh - Cymraeg</u> You already know how to talk about the weather simply in Welsh, as you have been doing this as part of our class routine. We will revise some of the patterns and learn some extra vocabulary so that we can hold a conversation about the weather, with an aim to delivering your own weather forecast. Play the loom video and listen to the vocabulary and conversation patterns on the cardiau clonc.

Bug Club books are available to read through Bug Club. A list of spelling words can be found in the English folder. As well as the loom videos.

*Please also remember to log on to Reading Eggs and Nessy if you have those accounts.

Health and Wellbeing

Children's Mental Health Week

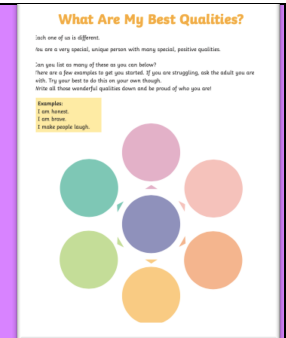

This week is Children's Mental Health Week.

This year's theme is 'Express yourself'

Lesson 1 - Music is a wonderful way for some people to express themselves. Music helps to communicate emotions. Follow this link and watch the video. You will also need a pen and paper to complete this lesson by following along with the video. If you need time to write remember to press pause.

<https://www.youtube.com/watch?v=sELz0aCx9Lw>

Lesson 2 - Each one of us is different. You are a very special, unique person with many special, positive qualities. Your challenge is to list as many of these as you can on the resource provided in the files section on teams. Write all those wonderful qualities down and be proud of who you are!

Finally, on Friday 5th February our daily check in will be a '**Dress to Express**' theme. This will be a chance for you to express yourself through your clothes and hair. For example, wearing a football as football is your favourite thing to do, wearing a superhero costume as you believe yourself to be brave and strong or just wearing a comfy jumper as you feel relaxed and calm. It is up to you how you 'dress to express.'

Expressive Arts	

Welsh Music Day - Friday, 5th February

Welsh Language Music Day celebrates all forms of Welsh Language music. Whatever music you are in to, there's incredible music being made in the Welsh language for you to discover.

But you don't have to wait until Welsh Language Music Day to share your love for Welsh language music or to find your favourite new tune, just follow @Miwsig or search #Miwsig.

There are playlists available for you to listen to, click on the link to find out more or look in our files on Teams and there are a few suggestions there for you to listen to. Listen to a few and complete the music review sheet, commenting on your favourite.

<https://open.spotify.com/playlist/48ivzmxylZVwn50RavxO7a>

Why not host your own disgo yn y gegin - kitchen disco?

Host your very own Welsh music disco in your kitchen, don't forget to film some of your moves and share them on J2E or Teams.

Science and Technology

Different types of Soil

This week we are going to look at the different types of soil and their properties. Follow the link below to a loom video teaching you about all the different types of soil.

<https://www.loom.com/share/9a49672637d8452a93cd081737a3907c>

Challenge

Once you have listened to the loom video and learnt all about the different types of soils you have a very important challenge to complete.

Pontarddulais Garden Centre needs your help. They want you to make a poster on J2E selling 3 types of soil to their customers. This will only be possible once you have listened to the loom video.

Your poster must include:

- A bold title
- 3 types of soil
- Names of the soils
- Descriptions of the soils
- Pictures of the soils
- Colourful and eye catching for Pontarddulais Garden Centre to display in their shop
- Complete the poster on J2E & save it into your folder on HWB
- Remember to give your J2E document a title

AOLE

Mathematics and Numeracy

Challenge

Multiplication

This week we are continuing with our learning of multiplication.

Lesson 1 and 2 - We will practise skills learnt last week, solving the problems using either repeated addition, arrays or our knowledge of times tables. Drawing out the problems ourselves as needed and writing the number sentences.

Lesson 3 - Multiplying by 10

In this lesson we will learn how to multiply by 10, once again using our knowledge of place value to solve these problems. You will need to listen carefully to the loom video before completing these problems.

By now you should be developing a good knowledge of the 2,3,5 and 10 times tables and we need to build on this and learn 4 times tables. Look in the folder on Teams for some sheets to help you with this.

4 times table

1 x 4 = 4
2 x 4 = 8
3 x 4 = 12
4 x 4 = 16
5 x 4 = 20
6 x 4 = 24
7 x 4 = 28
8 x 4 = 32
9 x 4 = 36
10 x 4 = 40
11 x 4 = 44
12 x 4 = 48

[Timestables.com](https://www.timestables.com)

Remember to continue practicing the times tables to develop your rapid recall.

Humanities

Introduction to natural disasters

What are natural disasters?

Read the PowerPoint or watch the loom video to find out about natural disasters and then conduct some research of your own.

This Brtiannica homework help link should help you with your research.

<https://kids.britannica.com/kids/article/natural-disasters/609706>

Challenge 1 - find out 5 facts about 5 different types of natural disaster

Challenge 2 - find out 5 facts about 4 different types of natural disaster

Challenge 3 - find out 3 facts about 4 different types of natural disaster

Research what they are, where and how they occur.

Article 28: You have the right to a good quality education and your education should help you use and develop your talents and abilities.
