Home Learning

Use your Hwb account and associated programs to complete your work.

If you use Office 365 remember to share your work with your teacher. When using Just2Easy [J2e] remember to save your work for your teacher to see in your, 'My File Area'.

Year Group: Year 3 Date: 18-22 January 2021

AOLE	Challenge
Language Literacy and Communication 	As part of your English work this week, you will be focusing on non-chronological reports. Lesson one will look at conjunctions and linking sentences together. There will be a short loom video and worksheet to complete. Lesson two, is to write a non-chronological report using the loom video provided and your notes on climate change. Lesson three will allow time to reflect on your non-chronological report, please can you read over your work, make improvements to ensure you have followed the key features. Finally, type your work on Hwb using J2write. Bug Club books are available to read through Bug Club. A list of spelling words can be found in the English folder. As well as the loom videos. *Please also remember to log on to Reading Eggs and Nessy if you have those accounts.
Health and Wellbeing 	<u>How is Global Warming affecting polar bears?</u> Large carnivores such as polar bears are being deeply affected by the melting sea ice. Watch the video and read the article on BBC news. https://www.bbc.co.uk/news/science-environment-42909866#:~:text=High%2Dtech%20tracking%20collars%20on,tracked%20the%20bears'%20energy%20use. Once you have watched the video - use the polar bear resource to write words to describe how the polar bear is feeling inside the polar bear image and sentences to describe what the polar bear is thinking outside the polar bear image. Once you have completed the task - you can learn more about polar bears by following this link. <u>P.E.</u> Mr FfitPum Munud i Symud https://www.youtube.com/watch?v=RAgUDL+MPTA

Recycled plastic bottle pencil pot

Plastic is one of the biggest causes of pollution in the world. Sir David Attenborough is encouraging us all to use less plastic or repurpose plastic we do use. Watch this video to see the effect plastic pollution is having. <https://www.youtube.com/watch?v=xFPoIU5iiYQ>

Your challenge this week is to repurpose a plastic bottle and make it into a pencil pot holder. Take a photo and write a simple set of instructions to teach other people in our school how to repurpose the plastic bottle and make a pencil pot holder.

How climate friendly is your community?

Using the data you gathered about your community, create a bar chart using J2data to represent the data. Use one colour to represent all the data for each county e.g. red for Swansea, green for Carmarthenshire and blue for Cardiff. Write a few sentences to say what the data shows - which is the most/least climate friendly etc.

Challenge

Estimating by rounding

Sometimes we want to add numbers in our head but the numbers can be a bit tricky. We can estimate the answer (take a good guess). It is quicker and easier to use numbers that are in whole 10s or 100s, rounding means we find the nearest 10 or 100. Click on the 1st link to learn about rounding.

Watch the PowerPoint and complete the problems. Click on the 2nd link to practice your skills and play a game.

High 5!

5 and above up we go,

4 and below down we go.

*Also practise your 3 times tables - <https://www.loom.com/share/47284cfd059e4f20a68d4d37ee9b8fc4>

How climate friendly is your community?

Click on the link below and type in your postcode to find out how climate friendly your community is, compare it with Cardiff and Swansea using the postcodes on the form. Record the information in the table provided.
