

Pontarddulais Primary School

Home Learning

Continuing with our topic on the rainforests, use a workbook or your Hwb account and associated programs to complete your work. If you use Office 365, remember to share your work with your teacher. When using Just2Easy [J2e] remember to save your work for your teacher to see in your 'My File Area'.

We hope you enjoy completing the challenges, we can't wait to see the work you produce! Stay safe and take care – Mr Jones and Mrs Lockley.

Year Group & Topic: Year 4 – Rainforests: A Walk on the Wild Side **Date:** 11/5/2020

AOLE	
Language Literacy and Communication 	★★★  Use the picture below to write a description of what you can see. Remember to use a variety of descriptive words including, adjectives, adverbs, similies, metaphors and the senses. When writing your paragraph remember to use connectives and punctuation to break up longer sentences. There is a larger version of the picture saved on your J2e account, in the 'shared' file.
Health and Wellbeing 	★★★ We have learnt a lot about Fairtrade – what it is and how it helps workers form a better life, as well as improving many communities. A lot of people that Fairtrade helps live in and around rainforests all around the world. Can you create a map following the journey a Fairtrade banana takes? Remember to include how long it takes for the banana to complete its journey. You can complete this how you wish – story map, story board or on a copy of a map, for example! You need to include the starting point, end point and everything in the middle of the banana's journey.

Expressive Arts 	★★★ Henri Rousseau was a famous French painter, known best for his paintings of jungle and rainforests scenes. His art was called 'Post-Impressionism' which is an abstract style of art. This means he didn't try to paint things exactly as they look in real life. Find out some more about Henri Rousseau – see if you can find some of his paintings. Can you recreate one of his pieces of art? You can use whatever media you like to create it – ICT, paint, pencils, chalks, pastels, whatever you have got at home! Please share your work with us, we would love to be able to tweet some of your masterpieces!
Science and Technology 	★★★ There are lots of different animals that live in rainforests all around the world. Can you design your own rainforest animal? Think about what type of animal it is going to be – a mammal? Fish? Insect? It is a predator or prey? Think about what features your animal would need to survive. For example, an insect predator would need some way of catching its prey. A fish that is eaten by other animals (prey) would need something to help it hide from hunters. Have a go! Don't forget about the Scratch coding challenges Mr Fox has kindly done for you that are also on the school website where we are uploading these challenges – if you need your Scratch login details please ask us!

AOLE	
Mathematics and Numeracy 	★ ★★ ★★★ Before school closed we spent a bit of time learning all about fractions. Log into Hwb and go to J2e. In your 'shared files' area there is a document you can use to remind you of how to work out fractions. Then choose the 1, 2 or 3 star challenge worksheets. If you find it too easy, have a go at the next level star!
Humanities 	★ There are thousands of different species of animals and plants in the rainforests. How many can you find? Make a list of 10 animals or plants found in the rainforest. ★★ Fill out an alphabet of species of animals and plants found in the rainforest, e.g. A – anaconda, B – boa constrictor ★★★ Fill out an alphabet of species of animals and plants found in the rainforest. Write a fact about that animal or plant next to its name.

Article 28: You have the right to a good quality education and your education should help you use and develop your talents and abilities.
