Home Learning

Continuing with our topic on the rainforests, use a workbook or your Hwb account and associated programs to complete your work. If you use Office 365, remember to share your work with your teacher. When using Just2Easy [J2e] remember to save your work for your teacher to see in your 'My File Area'.

We hope you enjoy completing the challenges, we can't wait to see the work you produce! Stay safe and take care – Mr Jones and Mrs Lockley.

Take a look at Microsoft Teams on your Hwb account. You can use this to talk to your classmates and share completed work with each other. At the start of the week your teacher will write or send a video message to you all – remember to take a look!

Year Group & Topic: Year 4 – Rainforests: A Walk on the Wild Side **Date: 1/6/2020**

Language Literacy and Communication 	★★★ *This challenges links with the Humanities challenge* Carrying on with our rainforests challenge, we would like you to write a letter to a child member of a tribe of people that live in a rainforest. In order to complete this challenge, you need to do the humanities challenge first, to find out more about the people that live in the rainforests around the world. When writing your letter, you need to think about including the following; - Who you are writing to – is the child a boy or girl, how old are they? - What information about yourself you want to tell them – your name, age, family - What you think they might like to hear about – tell them about your house, school, what you like doing in your spare time - Any questions you have for them – do they go to school? What do they eat? What are their houses like? Remember to use features of letter writing in your work – the date, an appropriate greeting, an introduction, the main points of your letter and an appropriate ending or farewell. Try to keep the style of language formal as you don't know who you are writing to.
Health and Wellbeing 	★★★ Your health and wellbeing is more important than ever and an important part of that is eating healthy meals to get all the proper vitamins and minerals you need. Can you design your own healthy eating recipe? It can be a main meal or a snack but think about the food items you include in it, and why you have included them. For example, oranges have plenty of vitamin C or spinach has lots of iron and vitamin A. Once you have designed it, can you have a go at making it? We would love to see any pictures or videos of your finished dishes!

AOLE	
Expressive Arts 	★★★ Can you create a short 'A day in the life of ….' video of yourself? You can include whatever you think are the important parts of your day. Try to make it as fun, creative and inventive as possible! You can use whatever you have available to film the video (i-pads, tablets, smart phones, laptops) and use your preferred software to put the video together. You can also use 'Adobe Spark' on your Hwb account to put the video together, and then share it with your teacher. Click on the link below to watch a video on how to make a video on Adobe Spark. https://spark.adobe.com/video/sn20B3kbzMRbT/
Science and Technology 	★★★ For this challenge, we would like you to use materials found around your house to make a floating boat. The boat needs to be able to hold at least one penny without sinking. How many pennies can your boat hold before it sinks? We would like to make this into a Year 4 competition so please take lots of pictures of your boat with however many pennies it can hold before it sinks. Your boat has to stay afloat by itself in the water – no holding on to it! Can you also draw and label your boat, and write out your prediction of how many pennies you think your boat will hold and why. Once you have done the experiment, write a few sentences on what happened.

AOLE	
Mathematics and Numeracy 	★ Complete the rounding questions sheets, which have been uploaded next to the challenges on the school website. Rounding to the nearest 10 ★★ Rounding to the nearest 10/100 ★★★ Rounding to the nearest 100/1000
Humanities 	★ Not only are there many different species of animals and plants that live in the rainforests, there are people that live there as well. Do some research to find out about the different people that live in the rainforests. Find out about two different tribes, which rainforests they live in and what language they speak. ★★ Find out about two different tribes, which rainforests they live in, what language they speak, what they eat and what their houses are like. ★★★ Find out about three different tribes, which rainforests they live in, what language they speak, what they eat, what their houses are like, do they use any technology, what they wear, and do they have any contact with the outside world.

Article 28: You have the right to a good quality education and your education should help you use and develop your talents and abilities.
