

Pontarddulais Primary School

Home Learning

Continuing with our topic on the rainforests, use a workbook or your Hwb account and associated programs to complete your work. If you use Office 365, remember to share your work with your teacher. When using Just2Easy [J2e] remember to save your work for your teacher to see in your 'My File Area'.

We hope you enjoy completing the challenges, we can't wait to see the work you produce! Stay safe and take care – Mr Jones and Mrs Lockley.

Take a look at Microsoft Teams on your Hwb account. You can use this to talk to your classmates and share completed work with each other. At the start of the week your teacher will write or send a video message to you all – remember to take a look!

Year Group & Topic: Summer Term Challenges Y4 Date: 29/6/2020

Language Literacy and Communication 	★ ★★ ★★★ Can you write a book review on your favourite book? It can be your all-time favourite, or maybe a new favourite that you've read recently. You will need to include: The title of the book, author, a brief summary of the book, why it is your favourite, a star review out of 5 and a drawing of the front cover. The title of the book, author, a detailed summary of the book, why it is your favourite, who your favourite character is and why, a star review out of 5 and a drawing of the front cover. The title of the book, author, a detailed summary of the book, why it is your favourite, who your favourite and least favourite characters are and reasons for this, your favourite and least favourite parts of the book and reasons for this, a star review out of 5 and a drawing of the front cover.
Health and Wellbeing 	★★★ Well Year 4, it's been a bit of a different year than what we thought! I would like you to reflect on your time in Year 4, before lockdown when we were still in school, and during lockdown when you've been at home. Here are some points that you could include; - Favourite subject(s) and activities you have done in school - If you have been a part of any clubs or groups in school, and what you liked about being in them - What you have missed by not being in school - What you have enjoyed about being at home - If you have learnt or taken up a new hobby And anything else you can think to include in your reflection! Once you have done that, tell us what you are looking forward to about going back to school and what you are looking forward to as life gets back to 'normal'. This could be getting to see family you haven't seen in a while, or go to your favourite place that you haven't been able to go to, for example! This is a reflection so remember to include how you have felt during the year as you talk about certain experiences, it isn't just a recount of your year so far.

Expressive Arts

★★★

This week I would like you to show me how creative you are, by creating a piece of artwork in the style of Andy Warhol. Andy Warhol is famous for creating bright and colourful pieces of art that feature everything from day to day items, to famous celebrities. Below are some examples of his work, but it would also be worth doing some of your own research to see other examples. You can create your piece using whatever materials you have at home. You can even have a go at creating it using ICT, really showing off your computer skills! Remember, the brighter the better!

Science and Technology

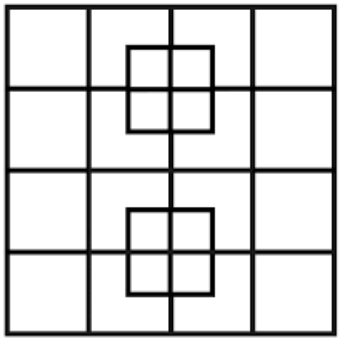

★★★

It's an oldie but a goodie! Time to get sticky! I would like you to have a go at the 'Rock Candy' crystal experiment. If all goes to plan, you should have a tasty snack at the end (it isn't the most healthy of snacks I admit, but it is pretty fun to do and interesting to observe).
Before we get started please take note:

Do not attempt this experiment without adult supervision

There won't be much of a prediction to do here, it's more to see how well you follow a set of instructions and the observations you make during the experiment. It can take up to two weeks for the experiment to work, so fill in the daily observation sheet and take pictures as your crystals begin to grow. I have written out the equipment you will need and method to follow, which will be uploaded under the link to the challenges. Good luck, take care and enjoy!

Mathematics and Numeracy	★★★ Here's a challenge for you, how many squares can you count? 
Humanities	★ Find one fact about Pontarddulais ★★ Find three facts about Pontarddulais ★★★ Find five facts about Pontarddulais Carrying on with the theme of 'Pontarddulais' I would like you to tell me an interesting fact about Bont. It can be about the history or geography of Bont, or a bit of general knowledge, or 'fun fact'! Even though I have worked in Pontarddulais for a few years now, I don't live here and actually know very little about the area, so give me your best facts! I'm sure I'll find out lots of new and interesting facts!

Article 28: You have the right to a good quality education and your education should help you use and develop your talents and abilities.
