

Pontarddulais Primary School

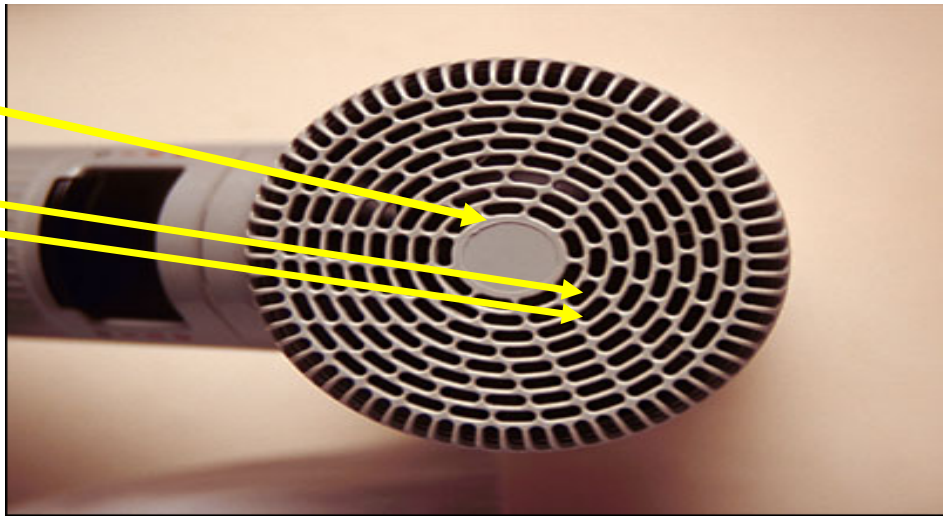

Home Learning

Use your Hwb account and associated programs to complete your work.
If you use Office 365 remember to share your work with your teacher. When using Just2Easy [J2e] remember to save your work for your teacher to see in your *my file* area.
We hope you enjoy completing the challenges, we can't wait to see the work you produce! Stay safe and take care – Mr Jones and Mrs Lockley.

Year Group: Year 4 **Date: Monday 6th July**

AOLE	Challenges
Language Literacy and Communication 	 It's looking like today, that we will be able to travel further than 5 miles and we will be able to link up with one other family and spend time in their house. I would like you tell me how these changes will affect you. Perhaps, don't complete this activity until Thursday or Friday and tell me what you've done earlier on in the week. Have you slept overnight with your grandparents? Have you travelled somewhere you haven't been for a long time? Have you been shopping? Some of you might even want to tell me about your first day back in school! You can write this or even you can make a video and add it to your HWB account. An extra task is to go on J2Blast and play Spellblaster!
Health and Wellbeing 	 I've got 3 challenges for you this week and you have to try and do as many of these in one go as you can. Can you best your best score? Challenge 1: How many times can you bounce a tennis ball on a tennis racquet or bat? Can you do 100? Challenge 2: For those of you who like football, how many keep-ups can you do? Can you do more than 10? Challenge 3: How are your typing skills? Have they improved during lockdown? How many words can you type in 60 seconds?

AOLE	Challenge
Expressive Arts 	We all have a talent of some sort. Perhaps you play a musical instrument, perhaps you have a beautiful singing voice, maybe you can do tricks with a football, perhaps you can do magic or even do tricks on a scooter or bike. I would love to see something I didn't know you could do. Try and take a video of it and either post it on Twitter or on your HWB account – Can't wait to see how talented Year 4 are!
Science and Technology 	Mrs. Lockley set you an experiment last week. It will take this week to fully complete the investigation. If you have completed your investigation on Office 365, can you download it and upload it to your HWB

AOLE	Challenge
Mathematics and Numeracy 	 This is the back of a hairdryer. From the centre, the first circle has 9 gaps, the second circle has 12 gaps and the third circle has 15 gaps. Work out how many gaps there are in total before trying to count them. Try and show how you worked it out. 
Humanities 	   Today some of us are coming back to school, but can you remember where it is? I would like to list a set of instructions of how to get from your house, to school. Try and include some buildings of landmarks you will pass on the way. For example: Turn right out of my house and walk down Ffordd Cambia. Turn left onto Clayton Drive and walk passed the green. At the junction, turn left onto Water Street. Follow the road to the right and then turn left onto Dulais Road – you will pass Canolfan Y Bont. Take the first right turn onto Glynllwchwr Road. Take the second left onto Oakfield Street – you will pass Pontarddulais Rugby Club. At the junction, cross the road onto James Street – you will pass Bont Elim Church and YGG Bryniago. You will reach school at the top of James Street.

Article 28: You have the right to a good quality education and your education should help you use and develop your talents and abilities.
