

Well done to those of you who attempted 'Challenges' last week. We expect you to upload these to the relevant 'Area of Learning' files that have been set up in your J2e accounts.

We will be looking at and commenting on these at the end of each week.

Your 'Maths' answers will be put on the website every Friday.

When using Just2Easy [J2e] remember to name your documents so that they are easy for us to find and mark.

Year Group: Year 6

Topic: Decades

<p>Language Literacy and Communication</p> 	<p>Reading: Read regularly (a range of fiction and non-fiction books) and comment in your Reading diaries.</p> <p>'Disneyland' in California opened on July 17, 1955. It was the first theme park of its kind in the world. Your challenge this week is to imagine a new 'Land' is opening in Disney whose theme is 'Space'. Create a persuasive leaflet for a new addition to 'Disneyland', called 'Space world'. Think about:</p> <p>What rides will be there? What are they called, how fast/exciting are they?</p> <p>Food/Restaurants – with a space theme...</p> <p>Attractions for adults, teenagers, children and toddlers</p> <p>Will there be different 'Worlds' to visit? i.e Planets/ Black holes/ The Milky way/ Galaxies...?</p> <p>Hotels you can stay in...? Or are they Space stations? What are they called? What's there?</p> <p>Will trams designed like rockets take you around the park? Or will there be a 'Sky-shuttle'?</p> <p>3 star: Use persuasive features: rhetorical questions, alliteration, rule of three, illustrations with captions. Sub-headings/text boxes/images and categorised information will make your leaflet 'User-friendly'.</p> <p>2 star: Write a paragraph to explain what 'Space World' is like, explain why people must visit and stress how amazing it is. Include images of what you would find there. Perhaps you could draw a map?</p> <p>1 star: Write five sentences beginning with 'You must visit 'Space world because...' and draw some pictures of what you might find there.</p> 
<p>Health and Wellbeing</p> 	<p>The 2.6 challenge</p> <p>The London Marathon was due to take place last week. Each year it raises lots of money for different charities. People were concerned that this year Charities would miss out on this funding. So, they decided to hold a '2.6 lockdown challenge', linked to the distance set by the London Marathon; which is 26 miles.</p> <p>We would like to set you a '26' challenge. Choose from the following options (or do all of them!):</p> <ul style="list-style-type: none"> • Build a 2.6 metre Lego tower • Run 2.6 miles (Take a picture of your fit-bit as proof) • Do 26 handstands • Run up and down the stairs 26 times • Do 26 'keepy-uppies' • Do 26 press-ups' or 26 'sit-ups' • Upload some videos or pictures to show what you've done!

Expressive Arts

Challenge

'Shall we dance?'

A real fun challenge this week! We would like you to choose any dance from the past 50 years, learn some steps, choose a fantastic song and get 'groovin'! Choose from the following options:

- Jive
- Line dancing
- Salsa
- Twist
- Waltz (You'll need a partner for this one)
- Street dance

You'll find lots of instructional videos on 'You tube' to help you. **'Just dance'** is great. Remember, we've seen your 'moves' during '5-a-day' – so we know you've got RHYTHM!!

We can't wait to see these. If you can rope family members in; all the better!

Science and Technology

Leading into our 'Maths Challenges' over the coming weeks linked to 'Financial literacy', budgeting and 'Decimalisation' in the 70's, your D&T challenge this week is to design and make a **'Money box'**

Come up with 3 possible designs and then decide on one.

Do a detailed drawing of your design and label it. List the materials you will need to make it.

Once you've made your 'Money box', write an evaluation; what would you change if you had access to different materials? What would improve it?

Create a Word document with your designs, evaluation and of course photos of your completed 'Money box'

<p>Mathematics and Numeracy</p> 	<p>Religions in Swansea (link with Humanities)</p> <div>    </div> <p>This week your Maths challenge links to % and Religion. On your 'Star' sheets you will find data linked to % of religions found in Swansea. We would like you to calculate how many of the population practice the different religions, using the % data. The sheets have differing levels of difficulty, with '3 star' being the most challenging. Good luck!</p>
<p>Humanities</p> 	<p>RE</p> <p>As we have linked your Maths challenge this week to Religion, we felt it was important you looked at some of the practices within these religions. For your Humanities challenge, we would like you to write 5 facts about each religion.</p> <p> Christianity Hinduism Islamic faith Judaism </p> <p>Think about:</p> <ul style="list-style-type: none"> • What is their sacred book/text? • What do they believe about birth, life, death etc • How water is used in each religion • Religious festivals <div>  </div>

Article 28: You have the right to a good quality education and your education should help you use and develop your talents and abilities.
