Pontarddulais Primary School
Remote Learning- Humpty Dumpty
Nursery Class February 8th-12th

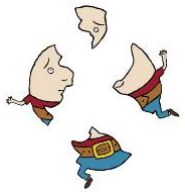

Humpty Dumpty sat on the wall

Activity 1 – Follow the play dough recipe to make your play dough. Can you create Humpty Dumpty? Think about what shape he is, and what he'll need (arms, legs and facial features)

Activity 2 – Can you build a wall for your Humpty Dumpty to sit on? Use any construction toys you have at home, for example blocks or lego. Can you create a pattern in your wall using colours, either lines of different colours or every other brick, for example red, yellow, red, yellow?

Next can you try and balance your Humpty Dumpty on the wall without him falling?

Activity 3– Humpty Dumpty jigsaw

Draw a picture of Humpty Dumpty and colour him in. From this can you create a jigsaw. You can either cut your jigsaw in to 2, 4, 6, 8, or 10 pieces. You can draw lines on the picture for you to follow when using the scissors to cut the pieces of your jigsaw. Next can you put it all back together? We can't wait to see your photos.

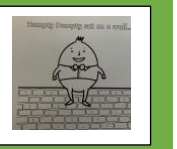

Article 6: All children and young people have the right to survive and the right to develop.

Activity 4 – Phonics interactive game

Can you explore the sorting sounds interactive phonics game? You'll need to open up the PowerPoint document and play the slideshow to play the game. You'll need to identify the sound, discuss what items are around it, and click the items that begin with that sound. For example, for 's', stamp, scissors, snake, sun, seahorse. Can you film a short video to let us know how you got on? Now you've practiced the sounds, next can you open up the Humpty Dumpty sounds sheet and identify the sounds that are on Humpty's wall? You can either print out the sheet and colour in the sounds you were able to identify, or you can open up the document on your screen and create a short video of you identifying the sounds.

Activity 5– Egg and spoon race

Humpty Dumpty is an egg. Can you ask a grown up to boil some eggs for you? You can use the eggs to have an egg and spoon race with someone in your house. This can be a tricky game, but it's also lots of fun. We can't wait to see your videos and photographs.

Activity 6 – Egg rolling

You'll need a box or tray, some paints, paper and some boiled eggs. First put some paper inside the box. Next dip your eggs in some paint. Then roll the eggs inside the box to create a pattern. You can use as many colours as you'd like. I'm sure that we're going to see lots of beautiful paintings.

Remember to practise the jolly phonics song too boys and girls, enjoy!
