Pontarddulais Primary School
Remote Learning- Old McDonald had a farm
Nursery Class. January 25th-29th

Old McDonald had a farm

Activity 1 – Can you click the link and listen to the song? Why not join in and make the noises of the farm animals? https://www.bbc.co.uk/cbeebies/watch/my-pet-and-me-old-mac-donald

Activity 2 – Can you choose your favourite farm animal and draw it using Jit5 on hwb? Next can you make a little video telling us why it's your favourite animal. We can't wait to see what your favourite animals are. Mrs Harvey likes the pigs and Miss Williams likes the ducks.

Activity 3– Animal sounds game

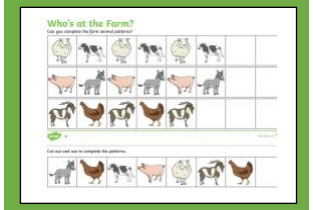

Can you click the link below and explore the interactive game? You'll need to listen to the sound and drag the correct animal on to the icon. Please can you let us know if you enjoyed by filming a short video or taking a photo and uploading to hwb. https://www.phonicsbloom.com/uk/game/match-sounds?phase=1

We have uploaded the patterns sheet, printing sheet and eye spy sheet if you are able to and would like to print them. We have also put on some farm colouring sheets and some farm pencil control sheets if you finish the activities and would like some more fun things to do.

Activity 4 – Patterns

For this activity you have two choices. You can either print out the resource sheet and cut the pictures to show us what comes next in the pattern. Or you could bring up the resource sheet on your screen and make a video of you talking about what comes next in the pattern. Please upload photos and videos to hwb. You'll find the resource sheet in the files on teams and on the school website.

Activity 5– Printing

For this activity you'll need to find a farm animal that you have at home. Can you print its feet in paint, and walk it from the barn to the correct home? If you don't have a printer, you can paint on to paper and draw in the pictures. We look forward to seeing your creations on hwb. Don't worry if you don't have a farm animal, you can use any animal you have at home.

Activity 6 –Eye spy on the farm

Can you put the eye spy resource on your screen, and count how many of each item you can find? Next you go on to Jit5 (mix). Here you can type in how many of the item you found and draw as many as you found too. For example, you would type in 'I found 5 cows.' Then you would draw 5 cows or use the stamps to show us how many you found. Ask a grown up to help you find the sounds and numbers to type.

Remember to practise the jolly phonics song too boys and girls, enjoy! https://www.youtube.com/watch?v=74kIrFdOaPw
