

WWII: Clothes and Rationing

Picture this: you come home from school to find your home has been bombed and your family has lost everything. What are you going to do? You need to first buy a whole new wardrobe for you and your family. You have 66 coupons left in your ration book and you need to decide what you need for a family of four (2 adults and 2 children). Use the coupon sheet to help you. Pob Lwc!

What clothes will you wear? - and their quantity,

Adult:

Child:

Why have you chosen these items?

Did you have enough coupons? Have you got any left over? Explain how you will use exactly the correct amount of coupons?
