

Pontarddulais Primary School – Welsh Week/World Book day: 4th March

Home Learning – Spring term 2021 - Wk 8 – 1st – 5th March 2021

Try and complete your challenges on J2E (or upload) as it automatically notifies your teacher once you have completed the task.
Remember that if you complete your challenges on OFFICE365 you must share them with your teacher or they will not be able to see your work.
Or if you don't have internet access then you can complete the tasks on paper and the worksheets provided.
Let us know on 'Teams' how your work is progressing and when you've uploaded it.

Year Group: Year 6

<p>Language Literacy and Communication</p> 	<p>'World Book day' Writing Challenge Writing challenge – Gelert 'Blurb' As it's Welsh week, we are going to explore a well know Welsh legend – The Story of Gelert. Your writing challenge is to imagine that this story is being published as a book. You will need to design a front cover and a write a blurb. Watch the loom video to see how to create an effective blurb that entices the reader without giving too much away...</p> <p>Your WBD challenge is to re-tell the story of 'Gelert' in your own words!</p>	<p><u>Reading Challenge – 'Welsh Not' & Welsh language</u></p> <p>As it is Welsh week, we would like you to research all about the Welsh language and the 'Welsh Not'. You be will be required to create a spider diagram complete with all of your research notes. There's lots of information on the websites we will share with you. Make sure you include lots of detail on your diagram so that you are able to give a comprehensive account of the 'Welsh Not' and the history of the Welsh language.</p> <p>Sources www.bbc.co.uk/wales/history www.visitwales.com</p>	<p><u>Ffactfeil Ar Cymru</u></p> <p>You will be creating a factfile in Welsh on Wales. You will be using different patterns and learning new vocabulary. Access the loom video before you attempt this challenge.</p>
<p>Health and Wellbeing</p> 	<p><u>Health & Well-being</u></p> <p>Comic Relief is fast approaching and we need to think about what we can do as a school to raise money. It's more important than ever that we try to raise money for charity and those less fortunate than ourselves. We have a long tradition of supporting worthy causes and this year is no different. We need your help! You challenge this week is to see if you can generate ideas for a whole school initiative that both Foundation phase and Key Stage 2 can be part of. Yes, we can dress up but what should the theme? We could hold a sponsored event but what could it be? Hopefully we will be back in school by then but if we are not you will have to think of something that KS2 can take part in from home.</p> <p>FAIRTRADE Fortnight – 22nd February – 7th March We will be linking our challenges next week to 'FAIRTRADE'. Far too much going on this week!</p>

Expressive Arts

Challenge

'Pasbort' & Cartoon Character

This week you have 2 challenges for Expressive Arts.

- You will be designing a new passport for 'Wales' – a 'pasbort' cover. Think of the symbols you would include in your design to reflect our Welsh heritage e.g. castles, dragon, leeks, daffodils...
- You will also be designing your own cartoon character. Wales is responsible for two of the most iconic cartoon characters from the last 40 years; Fireman Sam (or 'Sam Tan' as he was originally called) and 'Super Ted'. Now it's your turn. You must create a character that links to Wales in some way. If you want to create a cartoon strip to go with your character, then feel free. We have uploaded some examples of WAGOLL's.

Science and Technology

ICT

This week your challenge is to create a quiz all about Wales on Scratch. You will definitely need to access the loom videos to see how to use coding blocks like 'variables' and 'conditionals' in your quiz. Prior to creating your quiz you will have to carry out a bit of research about Wales to help you create your questions.

<p data-bbox="152 236 586 274">Mathematics and Numeracy</p> 	<p data-bbox="734 284 2051 657">This week your challenges involves calculating percentages. We have provided data showing the amount of people in each county who are Welsh speakers. We would like you to use your rounding skills to round the data to the nearest 1000. Then calculate the percentage of Welsh speakers in each county using the actual (original data). This data is based on the 2011 census. As some of you might know there is a new census being carried out across the nation on 21st March 2021, so obviously the data we have is likely to change. Perhaps we will have chance to analyse the new data when we return to school. You will need to watch the Loom video before you begin this challenge. The task will be broken down into a 1,2 and 3 star challenge and there will be an extension task too.</p>
<p data-bbox="282 804 456 842">Humanities</p> 	<p data-bbox="734 836 882 874"><u>Geography</u></p> <p data-bbox="734 880 2024 1161">Using your data from the maths challenge we would like you to access the map we have provided (with the percentage key). You will need to colour code the counties depending on the percentage of Welsh speakers. E.g. If the county has 0-11% Welsh speakers you colour or label it black. You will notice that the counties on the maths sheet are written in Welsh, so you will need to translate them into English to use the map we've provided.</p>

Article 28: You have the right to a good quality education and your education should help you use and develop your talents and abilities.
