

Home Learning

We will give you challenges based on this new topic, but all of the challenges will use skills that have already been taught to you in school. Use a workbook or your Hwb account and associated programs to complete your work. If you use Office 365, remember to share your work with your teacher. When using Just2Easy [J2e] remember to save your work for your teacher to see in your 'My File Area'.

We hope you enjoy completing the challenges, we can't wait to see the work you produce! Stay safe and take care – Mr Jones and Mrs Lockley.

Year Group: Year 4

Language Literacy and Communication	I really enjoyed reading your stories the last time we were learning for home. This time I would like you to write a Christmas story. It can be about Father Christmas, the elves, what might happen on Christmas Eve or anything you want. Make sure it has an introduction, a problem, the problem being solved and an ending. Try to achieve as much of the following success criteria as possible: • Capital letters and full stops • Descriptive language • Paragraphs • Correctly written sentences
	
Health and Wellbeing	In order to stay safe during our day to day activities, it is important that we remind each other, especially at Christmas time, of what we can do to stay safe and covid free. Can you create a poster, reminding the public of the current rules surrounding covid that have been set by the Welsh government (stay 2m apart, wash hands regularly, who you can meet up with etc). Make your poster big, bright and colourful and display them in your windows for the people of Pontarddulais to see. Try and give it a Christmas feel about it as well if possible.

Expressive Arts

We all know the words to 'We wish you a merry Christmas'. We would like you to write your own words to this tune. If you can, record yourself singing your version and post it on the school Twitter page.

Science and Technology

For ICT this week, we are going to recap on how to create databases on J2e. I would like you to set up a database about your family and friends. Use the following fields to set up your database:

- Name
- Age
- Birth Month
- Hair colour
- Eye colour
- Shoe size
- Height in cm
- Favourite Food
- Favourite Drink

Mathematics and Numeracy

Zios and Zepts Reasoning Challenge

On the planet Vuv there are two sorts of creatures. The Zios have 2 legs and the Zepts have 3 legs.

The great planetary explorer Nico, who first discovered the planet, saw a crowd of Zios and Zepts. He managed to see that there was more than one of each kind of creature before they saw him. Suddenly they all rolled over onto their backs and put their legs in the air.

He counted 23 legs. How many Zios and how many Zepts were there?

On the planet Vuv there are two sorts of creatures. The Zios have 3 legs and the Zepts have 7 legs.

The great planetary explorer Nico, who first discovered the planet, saw a crowd of Zios and Zepts. He managed to see that there was more than one of each kind of creature before they saw him. Suddenly they all rolled over onto their backs and put their legs in the air.

He counted 52 legs. How many Zios and how many Zepts were there?

Humanities

Choose one country in the world and research Christmas traditions from that country. You may want to research some of the following:

- What Santa is called
- Any traditions
- Food that is eaten during the season
- Any specific gifts given and when
- Any Christmas songs specific to the country
- Christmas traditional costumes
- New Year celebrations

Article 28: You have the right to a good quality education and your education should help you use and develop your talents and abilities.
